

VISION

- ✚ In 2030, South Lewis County exhibits a diverse rural character featuring a variety of farming, forestry, low-density residential uses and small town centers.
- ✚ Protected natural features include streams, wildlife habitats, and flood plains.
- ✚ Winlock, Toledo, and Vader provide services to local residents and offer a broad range of recreational opportunities and attractions to visitors.
- ✚ The southern Gateways to Lewis County are concentrated at the 1-5 interchanges where regional hospitality and entertainment centers serving travelers provide important employment and tax revenue benefits to the local economy.
- ✚ Major industrial businesses are operating at key locations, providing family-wage jobs and secondary economic benefits.
- ✚ The growth in population and increased quality of life has enabled successful growth in services and retail businesses to serve the local community.
